Key to Analyst Recommendations

| OVERWEIGHT | Security is deemed to be undervalued and is expected to outperform compared to the average market return and/or return of comparable securities in the same sector or industry with at least 10% price appreciation anticipated. The underlying company and/or relevant market conditions are expected to be favorable for the security in subsequent periods. |
|--------------|--|
| MARKETWEIGHT | Security is expected to provide similar returns compared to the market in general or at the same pace as comparable companies; neither strongly positive nor negative with a range of roughly -10% to 10% in expected price change. |
| UNDERWEIGHT | Security is deemed to be overvalued and is expected to underperform compared to the average market return and/or return of comparable securities in the same sector or industry with at least 10% downside anticipated. The underlying company and/or relevant market conditions are expected to be unfavorable for the security in subsequent periods. |
| ZERO WEIGHT | This security is substantially distressed or at risk of a shock which may significantly impair value. |
